Dr. Flanagan,

I will look at your company's brand name and your product names using the ancient Chaldean System. Names are instrumental in helping or hindering the success of your business. In other words, a really fortunate brand name number will aid immensely in activating the best possible response in your potential customers.

Your Power BRAND NAME

Phi Sciences resonates to **45/9:**

45/9 is a highly fortunate vibration of courage and power. It brings a high likelihood of great rewards and a rich harvest.

Your Power PRODUCT NAMES

Megahydrate Subscription resonates to **17/8.**

The word 'Subscription' adds up to 9 and thus enhances the number it is connected to. Any single digit number which is added to 9 results in the same single digit number. For example, Megahydrate is an 8 name. When you add 9 to 8 you get 17 which also reduces to 8. 17 is also referred to as the 'Immortality' Number indicating this subscription result in long-term profit.

Amazing Body Hydrating Body Lotion resonates to **49/13/4.**

49/13/4 is not a number I would recommend for a product or brand.

The following spelling results in a fortunate product name number:

Beautiful Body Hydrating Body Lotion resonates to **36/9.**
